TOEFL® / Application Preparation Courses

TOEFL® Preparation

STRATEGY

TOEFL® in English < 24 hours >

This summer course is designed for students who are used to English in the classroom and have **at least a 75 on the TOEFL® iBT**. Despite having studied abroad and being fluent speakers of English, many students find that there are barriers to reaching their TOEFL® goals. What makes TOEFL® so hard? The problem is that the TOEFL® measures English skills you may not yet have been asked to develop in your high school classes or everyday life abroad. The TOEFL in English course covers all four sections of the test, showing the common question types of the Reading and Listening sections, how to ace the Speaking section using your fluency advantage, and how to write consistently strong essays on the Writing section. You will practice every section under real test time constraints. Learning time management strategies alone can add as much as 20 points to your total score.
